#### **HG** bathroom scale away concentrate

A very powerful product to remove lime scale, rust stains, urine deposits and copper oxide. HG scale away concentrate is very safe and specially formulated to recondition all materials in bathrooms, kitchens and toilets such as chrome, stainless steel, ceramics, tiles, glaze, glass, crystal and plastic.

100050164 | UPC: 735669000893

CASE: 6 | SIZE: 500ML

#### **HG** bathroom scale away foam spray

- Removes limescale quickly and thoroughly
- For a sparkling result

Hardwater or limescale is a common problem that makes surfaces look dull and feel gritty. Therefore bathroom surfaces and fixtures such as faucets, showerheads and doors, vanity sinks, shower cubicles and tub surrounds, either synthetic or ceramic, require a powerful cleaner. HG scale away foam spray is a foam spray formula to ensure long action time to remove limescale and make them look clean and glossy. Biodegradable formula is safe on synthetic surfaces, ceramic, faucets, glass, porcelain. Do NOT use on real marble, limestone, travertine stone. For severe limescale & rust problems use HG scale away concentrate.

145050164 | UPC: 735669000794

CASE: 6 | SIZE: 500ML

#### **HG** bathroom cleaner and shine restorer

- Highly concentrated
- Simply a sparkling and streak-free result
- Does not contain scouring agents
- Excellent as a mild cleaner or a floor cleaner

Cleans and brings streak less sheen to all sanitary fixtures, like acrylic tubs, sinks, shower stalls, toilets, vanities, taps and also tiles. Removes bath oil marks, soapy and organic matter, fat and light lime scale. Contains NO abrasives nor other aggressive components and is therefore safe for use on all glazed, acrylic, enamel, plastic, painted even chrome and gold plated or lacquered surfaces. Does not affect colouring in any way. Will prevent limescale build-up when used regularly. Dries without streaks. Environmentally safe and biodegradable. Fresh fragrance, very economical to use and excellent as a mild cleaner or a floor cleaner.

#### **HG** bathroom all purpose cleaner spray

- Removes light limescale
- Works quickly and easily
- Every-day cleaner
- Also suitable for marble and other calciferous natural stone

A mild every day cleaner for washbasins, shower enclosures, bathroom fixtures and faucets. HG all purpose cleaner is completely safe on surfaces of porcelain, ceramic, fiberglass, acrylic plastics, chrome, brass, but also marble, limestone, travertine surfaces and concrete. More active ingredients make HG quickly and easily remove soap scum, body oils and dirt, as well light limescale.

**147050164** | UPC: 8711577071349

#### **HG** bathroom natural stone cleaner

- Highly concentrated
- · Works safely and effectively

HG natural stone cleaner is a highly concentrated detergent for all marble and stone surfaces, but also completely safe on glass, even lacquered chrome or gold-plated fixtures, as well as synthetic tubs, sinks and vanities. Contains no abrasives, no phosphates and is biodegradable. HG natural stone cleaner will remove most stubborn dirt's, soap scum, body oils and light lime scale, while leaving a shiny protective coating.

CASE: 6 | SIZE: 1L

#### HG heavy duty toilet bowl cleaning gel

- Safe on glaze, stainless steel and chrome
- Powers through even the most stubborn scale and deposits

Difficult to remove deposits can form in any toilet. Problem buildup such as persistent limescale, urine stains, or other difficult to remove deposits can occur on the inside of the toilet bowl, invisibly under the rim or drain. The buildup under the rim means the toilet is never hygienically clean - it can cause a musty odour and it reduces the flush action of the toilet. The specially developed formula of HG heavy duty toilet bowl cleaning gel works on the surface of the toilet bowl and ensures an effective removal of all problem buildup.

This product does not contain hydrochloric acid which can damage the glaze in the bowl and can damage stainless steel and chrome. In other words, HG heavy duty toilet bowl cleaning gel is safe for glaze, stainless steel and chrome.

# HG natural stone cement grout film remover (product 31)

• Also for granite and marble composite

HG natural stone cement grout film remover is a non-acidic formula that safely removes cement film and limescale residues from marble and other types of calciferous natural stone such as travertine, bluestone, and hard stone and is also extremely suitable for concrete tiles with pieces of natural stone incorporated, such as granite and marble composite. Only use this product for marble and other types of calciferous natural stone. Other cement removers can seriously damage the calciferous natural stone.

Coverage: ± 30-40 m2 per litre.

216100106 | UPC: 735669003467

# **HG** natural stone cleaner and shine restorer (product 37)

Sufficient for mopping 20 times

HG natural stone cleaner shine restorer is a freshly scented, concentrated mopping cleaner specially developed for regular cleaning of marble and all other types of calciferous natural stone floors. It is suitable for both untreated floors and floors treated with HG natural stone impregnating sealer and protector (product 32).

1 litre is sufficient for 20 washes.

221100164 | UPC: 735669002415

CASE: 6 | SIZE: 1L

# HG natural stone impregnating sealer & protector (product 32)

- Protects against dirt and grease stains on natural stone, granite and marble composite
- Can be used indoors or Outdoors

HG natural stone impregnating sealer and protector can be used both inside and outside. This special formula is for use on marble and other types of natural stone such as travertine, bluestone, hard stone, concrete tiles with pieces of natural stone imbedded such as granite and marble composite. This unique product is absorbed deep into the pores of the stone, making it less absorbent. This prevents penetration of dirt and (grease) stains, without affecting the original character of tile natural stone or sealing the floor off from moisture from below, ensuring the floor can continue to 'Breathe'. This product does not contain silicone.

**128050164** | UPC: 8711577071318

CASE: 6 | SIZE: 500ML

#### **HG** oven & BBQ & grill cleaner spray

Powerful foam spray to remove dried and baked-on grease, food and dirt from barbecues, grills, but also ovens and stoves.

Directions for use: Press the nozzle at the front side and turn a quarter and spray onto the surface to be cleaned. If you have used the bottle prior, remnants of the liquid may be left in the nozzle clogging the spray. Before reusing the bottle, we recommend you rinse the nozzle with hot tap water, by running the water through the air holes at the side of the foam pipe. Always allow surface to cool down before cleaning with liquids. Gently scrape thick, hardened baked on dirt with wooden spatula or BBQ brush. Allow the foam spray to activate and break down the dirt for 3 to 5 minutes, before removing the loosened dirt with a brush, scrubbing sponge or damp cloth. Repeat if necessary, before rinsing with clean.

138050164 | UPC: 8711577071325

#### HG heavy duty oven cleaning kit

HG heavy duty oven cleaning Kit contains cleaning gel, brush, oven sponge and protective gloves

HG heavy duty oven cleaning gel is an extremely strong soaking gel that removes even the most difficult to remove baked-on baking stains from the oven or grill, but also from baking trays, barbecue grills and hot plate grills effectively. This unique gel formula has been developed especially for a long soaking period, without drying out, on vertical surfaces, which means even the most difficult baked-on baking stains on oven walls or grills can be removed effectively. The gel is easy to apply with a special supplied brush.

592006164 | UPC: 735669003566

**579050164** I UPC: 8711577115593

#### **HG** dishwasher cleaner and refreshener

- For a clean and fresh dishwasher
- Eliminates Odours
- Can be used in a full or an empty dishwasher

Every dishwashing cycle leaves behind grease, food and soap filters and rubber seals. This buildup can cause unpleasant odours in the machine. HG dishwasher cleaner and refresher removes those deposits effectively and produces a dishwasher that smells wonderfully fresh again. Using this product regularly helps produce cleaner dishes and because of its unique formula it can be used in a full or empty dishwasher.

If the dishwasher continues to smell after using this product, or the smell returns within 1 or 2 days, we recommend cleaning it thoroughly with HG washing machine and dishwasher cleaner and descaler. By using HG washing machine and dishwasher cleaner and descaler 1x every 3 months, you prevent wear and tear to the components prolonging the life of the dishwasher.

#### **HG** coffee machine cleaning tablets 10pk

- Extends the machine's lifespan
- Removes coffee residue and other deposits effectively
- Powerful but safe
- Sufficient for cleaning your machine 10xtimes

Grinding coffee beans and making coffee under pressure produces deposits of coffee residue and oils in the internal system and valves of automatic coffee machines. HG coffee machine cleaning tablets guarantee a lasting, optimum coffee flavour, and are essential to extending your machine's life and preventing faults. HG coffee machine cleaning tablets have been tested/found suitable for automatic espresso coffee machines of brands like Siemens, Bauknecht, Illy, Delonghi, Philips, Bosch, Krups, Saeco, Kenwood and AEG. HG coffee machine cleaning tablets are also suitable for cleaning the pod holder and the coffee outlet part of the pod-coffee machine or the piston holder of espresso machines.

**637000164** | UPC: 735669003924

CASE: 6 | SIZE: 10PK

## **HG** Nespresso<sup>™</sup> cleaning capsules 6pk

HG Nespresso® cleaning capsules

Preparing coffee under pressure causes deposits of coffee and coffee grease in that part of your Nespresso™ machine where the coffee is prepared and in the coffee outlet. Every time you make coffee, a little of these deposits comes with the fresh coffee and this has an adverse effect on the taste. This becomes worse the longer the deposits accumulate. HG Nespresso™ cleaning capsules contain an extremely effective cleaning agent that removes these deposits thoroughly and retains the true coffee flavour. For ideal coffee flavour and machine preservation, we advise cleaning the Nespresso machine after around 30 cups of coffee or otherwise at least once a month.

HG Nespresso cleaning cups do not have a descaling effect. To descale, use HG coffee maker descaler based on citric acid or lactic acid, depending on the directions for your machine.

678000164 | UPC: 735669003528

CASE: 6 | SIZE: 6PK

- Super concentrated
- Sufficient for at least 35 washes
- Professional window cleaners use it with good reason!

HG glass and window cleaner concentrate is a super concentrated product that does not contain ammonia or spirits. It has a neutral pH, which means it is safe for paint, lacquer and plastic and very mild to the skin. It cleans and degreases without streaks. No wonder professional window cleaners use this product. HG glass and window cleaner concentrate exceeds every professional requirement.

#### HG carpet and upholstery stain remover spray

• With dirt repelling effect

HG stain remover has been specially developed to remove stains and to clean soiled surfaces. Also gives a dirt repelling effect after use. HG stain remover is suitable for most synthetic, but also wool carpets, rugs and upholstery. In all cases test the colourfastness beforehand by wiping a HG stain remover dampened cloth on the carpet or the upholstery in an inconspicuous area. Use a brush on synthetic carpets.

#### HG 4-in-1 leather cleaner and protector

· Cleans, nourishes, protects, and enhances

HG 4-in-1 leather cleaner and protector is a water-based aniline leather care and maintenance product which can be used on furniture, suitcases, handbags, etc. It is not however suitable for suede or nubuck leather.

HG 4-in-1 leather cleaner and protector nourishes leather, keeping it soft and supple, which prevents drying out due to the sun or other sources of heat. It provides a thin protective coating to help protect against dirt and staining by ensuring the easy removal of dirt (including ballpoint ink). The blend of moisturizers and protectors ensures the beauty of the product without compromising the ph of the hide. Not suitable for 'open' leather, such as suede and nubuck, by cast or PU leather, or leather where the top layer is entirely worn. Never use saddle soap or household cleaners that may contain harsh chemicals, alcohol or ink removers. If in doubt test an inconspicuous area beforehand: do not use if the area treated remains a dark colour after drying (approx. 30 minutes).

#### **LIVING ROOM**

#### **HG** plastic cleaner and rejuvenator spray

• Also for paintwork and wallpaper

This easy-to-use, intensive cleaner restores optical clarity to both rigid and flexible clear plastics. It can also be used to clean washable wallpaper and painted surfaces. It will remove light oxidation, surface contamination, nicotine stains and most other stubborn stains. Can be used indoors or outdoors, Ideal for cleaning blinds, kitchen counters, vinyl flooring, sun beds etc.

#### **HG** woodstove glass cleaner spray

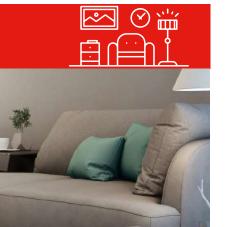

• Removes soot, grease and tar

HG woodstove glass cleaner is a foam cleaner that easily removes soot, creosote, grease, carbon and other mineral residues from glass windows in stoves, fireplaces and hearths. It is also suitable for removing minor soot deposits from bricks and mantelpieces. Do not use on marble and other chalky natural stone, untreated aluminium, and plastic surfaces. Protect the surrounding area. Avoid the liquid running onto other surfaces.

## **HG** mattress odour remover

- Does not mask, but removes the source of the smell
- For regular freshening up and to remove problematic odours
- Works on the basis of natural enzymes and microbes
- Works after just 20 minutes

Mattresses can start to smell less fresh over time. Normal night-time perspiration and other bodily fluids can cause unpleasant odours. HG mattress odour remover has been developed for regular, convenient, hygienic and organic freshening up of a mattress preventing unpleasant odours. This product formula has natural enzymes and microbes, which means odours are not masked but removed effectively and the mattress is hygienically fresh again.

This product does not remove stains caused by perspiration or urine. Use HG stain remover to remove those stains.
