INTRODUCTION

For more than 40 years, HG has produced specialized high-quality cleaning, protection and beautification products for in and around the house. We provide these products under the HG brand. The HG head office is situated in Almere - a young, dynamic, and fast-growing town in the province of Flevoland. Our site provides us with ample space to realize our ambitions and objectives - for example, our factory produces more than 300 different HG products that find their way to millions of satisfied customers in more than 45 countries.

Every one of these products is developed and tested extensively in our own laboratory! Our fully automated processing department, where our products are made, guarantees a consistent quality and optimum production flexibility, enabling us to respond quickly to your requests and requirements. Even our bottles are produced in-house and by means of an ingenious tubing system they are transported directly to the filling hall, where the bottles are filled with a fully automated system. Our operators only have to check and monitor the process!

After production, the products are stored in our 9000m² warehouse, from where they are sent to you.

BATHROOM CLEANERS

**HG LIME BUSTER**

Code: 100050164

HG Lime buster is a very concentrated and strong limescale remover for the safe removal of stubborn limescale and deposits. Suitable for removing limescale and other deposits from tiles, shower doors, taps or shower heads.

SIZE: 500ML**HG SCALE AWAY**

Code: 218050164

HG scale away foam spray removes lime scale thoroughly and quickly and leaves a brilliant shine. Scale Away removes limescale, which creates a dull glaze, from tiles, shower cubicles, plastic bathtubs, washbasins, taps, shower-heads and kitchen worktops.

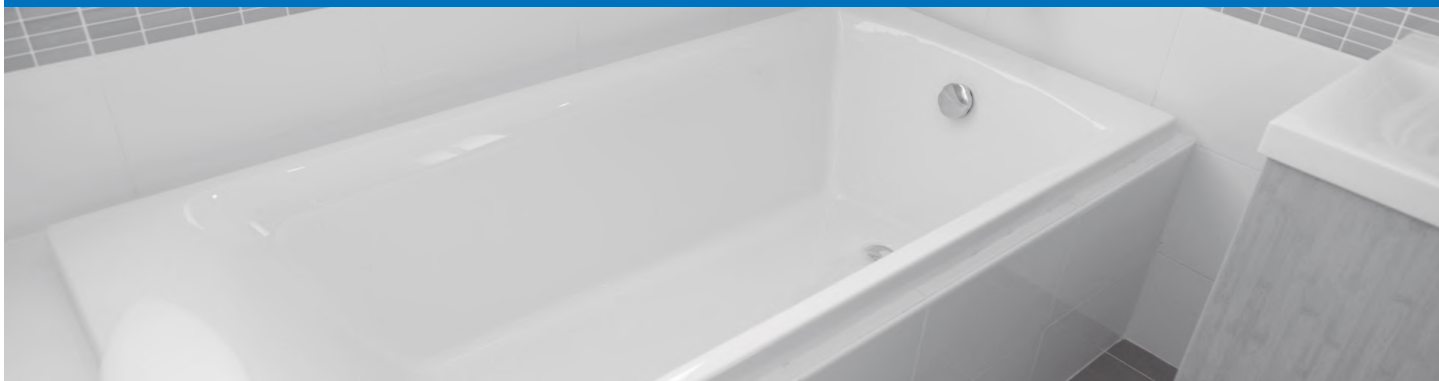

SIZE: 500ML**HG BATH SHINE**

Code: 145050164

HG bath shine restores the shine to washbasins, bathtubs, toilet pans, taps and tiles. HG bath shine has a fresh fragrance and removes bath oil marks, soap residues, skin grease and light limescale.

SIZE: 500ML

BATHROOM CLEANERS

HG SHOWER & WASHBASIN SPRAY

Code: 147050164

HG shower & washbasin spray is the ideal everyday shower cleaner for washbasins, plastic shower cubicles and tiled walls. This shower cleaner is a mild and safe product that also removes light limescale.

SIZE: **500ML**

HG WHIRLPOOL CLEANER

Code: 448100164

HG hygienic whirlpool bath cleaner is a whirlpool bath cleaner with natural substances to clean the internal whirlpool system.

Over time bacteria and dirt from limescale, soap and foam in a whirlpool's internal system. HG Whirlpool Cleaner removes all of this dirt and grime.

SIZE: **1L**

HG TOILET SPRAY

Code: 320050106

HG hygienic toilet area cleaner is a quick-drying toilet spray with a fresh fragrance for quick and easy cleaning of everything in the toilet area.

Our toilet spray can be used on the toilet seat, the outside of the toilet pan, the cistern, the fountain, the tap and even the door handle.

SIZE: **500ML**

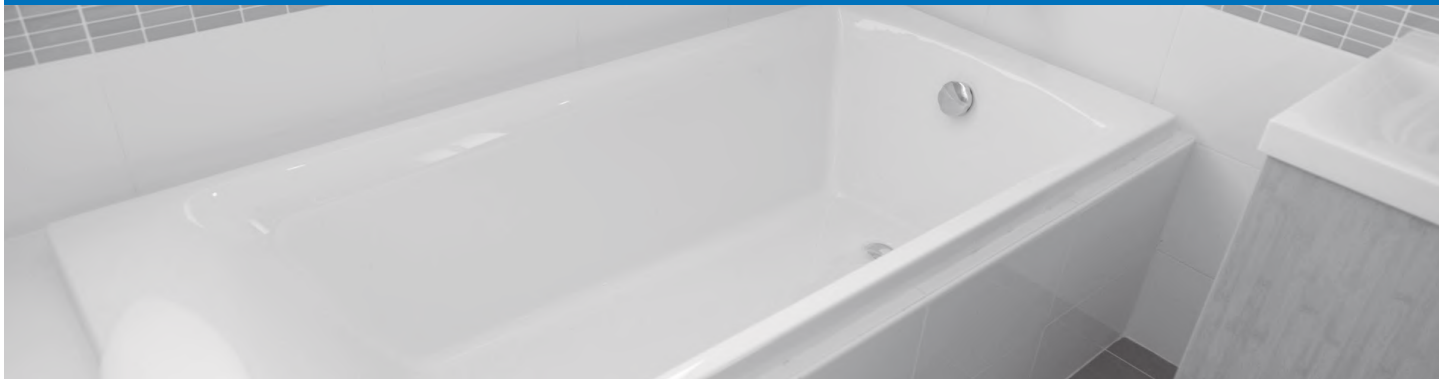

HG HYGIENIC TOILET GEL

Code: 321050106

HG hygienic toilet gel is a powerful toilet bowl cleaner for regular toilet cleaning. The special formula of this toilet bowl cleaner removes both dirt and limescale. In addition, the toilet gel gives shine with a pleasant, long-lasting fresh fragrance.

SIZE: **500ML**

BATHROOM CLEANERS

HG SUPER POWERFUL TOILET GEL

Code: 322050106

HG super powerful toilet cleaner easily removes problem dirt in the toilet pan, such as very stubborn limescale, uric scale or difficult to remove scale.

This not only occurs on the inside of the toilet pan, but also in the neck or invisibly under the rim.

SIZE: **500ML**

HG MARBLE BATHROOM CLEANER

Code: 223050164

Remove light limescale from the natural stone in your bathroom? HG natural stone bathroom cleaner for regular, simple and safe cleaning of marble and other calciferous natural stone in the bathroom. The bathroom will shine like new after just one treatment with our natural stone bathroom cleaner!

SIZE: **500ML**

Natural stone simply shines like new again with our natural stone gloss polish!

SIZE: **300 ML**

HG STONE & MARBLE PENETRATING SEALER

Code: 506100164

HG Stone & Marble Penetrating Sealer is drawn deep into the pores of the stone, rendering it less absorbent. This prevents the penetration of dirt and stains, without affecting the original character of the natural stone or sealing the floor off from moisture from below. The floor can continue to breathe.

SIZE: **1L**

COUNTERTOP CLEANERS & SEALERS

HG TOP PROTECTOR SEALER KIT

Code: 272010106

HG top protector forms a completely colourless, invisible protective layer on marble, limestone, sandstone, granite and more. It particularly protects against (food) oils, vegetable and animal fats and many other types of dirt. Without this protection by HG top protector, the dirt can penetrate deep into the pores of the material, where it causes stains which are difficult or even impossible to remove.

SIZE: **100ML**

DEGREASERS

**HG GREASE AWAY**

Code: 128050164

HG grease away is a degreaser that removes animal and vegetable fats and food oils from stainless steel, galvanised steel, enamel and aluminum surfaces simply and safely. Grease disappears with HG grease away. With the help of this heavy duty kitchen degreaser the war on grease is easily won

SIZE: 500ML**HG OIL & GREASE STAIN ABSORBER PASTE**

Code: 470030164

HG Oil & Grease stain absorber is an oil stain remover for natural stone that absorbs oil stains on flagstones, terra cotta, marble, sand-lime and other types of natural stone as well as cement and concrete floors. This oil absorber is a self-acting stain remover which absorbs the oil or grease from the stone.

SIZE: 250ML**HG SPOT STAIN REMOVER**

Code: 166050106

HG spot stain remover was developed especially for removing grease and oil stains from tiles as well as for porcelain tile stain removal. HG Spot Stain remover is also suitable for removing epoxy residue. With our tile stain remover, every tile is spotless again with a flick of the wrist.

SIZE: 500ML
